Parents Receive Medal Posthumously Awarded To Marine Son

PFC. MELVILLE E. HINES
(Died of Wounds, Aug. 1, 1944)

The Purple Heart which was posthumously awarded to Private First Class Melville E. Hines, has been received by his parents, Mr. and Mrs. L. E. Hines, of Plasterco.

Private Hines, a member of the 3rd Marine Division, was wounded in action last July 31 on Guam. He died August 1, 1944, and was buried at sea.

Memorial services for Pfc. Hines were held in the Baptist Church in Plasterco, Oct. 15, 1944, on which day he would have been 20 years of age. He entered the Marine Corps 11 days after graduating from Hamlin High School in May, 1943. He sailed for the Southwest Pacific December 3, 1943.

His parents, Mr. and Mrs. L. E. Hines, and a sister, Bettie Jean, live at Plasterco.

SERVICES TO BE HELD AT DOVIE CHURCH MARCH 4

Services will be held at Dovie, Sunday, by the pastor of the Methodist Church, Rev. O. A. McBrayer. Church School will begin at 10:30 A. M., followed by the sermon, "Our Social Religion," concerning the Methodist Movement of Crusading For Christ.

March 4 ends the period for collecting \$25,000,000 for overseas relief, for which Dovie and the other churches of the Anson Circuit are doing their part by planning to raise \$649.00. Truly Methodism is Marching For Christ.

O. A. McBrayer, Pastor.

Mrs. S. D. McMahon returned Wednesday of last week from Dallas, where she had spent several days in the Dallas markets. She was accompanied home by Mrs. L. S. Sparks of Mathis.

M-SGT. LYNDON McCLARAN DIED TUESDAY IN ARIZONA

A message from the War Department was received Wednesday by relatives of M-Sgt. Lyndon McClaran telling of his death which occurred Tuesday, February 27, in Kingman, Arizona, where he was stationed with the Air Force.

Sgt. McClaran is a veteran of World War I and has spent more than 27 years in army service. He is a brother of Mrs. J. C. Greenway, Mrs. A. F. Dixon, and Mrs. W. R. Wilkerson of Hamlin.

Gib (Tex) Sandefer Addressed Rotary Club

The Hamlin Rotary Club had the greatest treat in the way of a program the past Wednesday that it has had in many a day, and perhaps ever before, in the way of a talk. Gib Sandefer, of Abilene, who has seen almost every country in the world, and a man who probably has talked personally with more "high personalities" than any living man, was the fellow who brought the "message" and we mean message.

The Herald cannot do Sandefer justice in this limited report. But we shall merely say that nearly every person in this part of Texas has heard of this young man (about 40 years). He is a son of the late Dr. J. D. Sandefer, a long-time leader in educational matters in West Texas.

In the beginning of our "wars," Gib decided to ask to serve with the International Red Cross. To make a long and very interesting report short, we will tell you he has had a world-wide experience the past two years. His talk at the Rotary Club did more than anything we have ever heard to reveal a picture of unlimited comforts, advantages, and enjoyments of what the United States has in comparison with other peoples. He made it clear that what our boys are learning in other lands will make different men of them and will deepen their love for their native land. On the subject of religion, tolerance, criticism, give and take, live and let live, regardless of color or anything else, Sandefer really preaches and says it in a way that every age and degree of education can understand.

All over the world they call him "Tex." We really believe that Gib Sandefer should have some "dignifying" title, in keeping with what he has done, and what he stands for. It would be something that means much to Christian, protestant and Catholic, Jew and Hindu, Arab Mohammeds, and all races and religions of the earth.

We feel that what he has to say should be available to the widest possible number in personal lectures, man-to-man, in every community in America. He is so full of "that Texas frankness" that even those who do not know English can understand him. Sandefer is young, and here is hoping that he will live up into the three figure life and carry his "new-found doctrine" along to as much of the world as possible.

Some day let Hamlin invite this man over to speak to every living soul in this town...even out in a pasture under the moon and stars...let us invite him in a formal way, for a two-hour talk, and a display of all those materials from other lands, which he has accumulated in his world travels. He had a lot of this with him at the Rotary Club but time prevented much talk on them. Every person should hear Sandefer.

Paper Drive Sponsored By Beta Sigma Phi Sorority Begins March 8

The Beta Sigma Phi Sorority will promote the next scrap paper drive and will make the first collection on Thursday, March 8, beginning at 5:00 o'clock in the evening. A house to house canvas will be made to pick up paper, which should be bundled and tied in ten to twenty-five pound packages. Newspapers, magazines, and flattened cardboard should be tied in separate packages and left on the front door step ready for collectors.

Paper remains one of the nation's most critical war materials and everyone cooperating in this drive is contributing greatly in the WAR EFFORT.

Scrap paper will continue to be stored in the City Barn just east of the old city hall, and those bringing their paper may leave it by the door of the building and city officials will place it in the building each evening, as the building is kept locked.

Mrs. Arlene Morgan is chairman of the drive for the Sorority, and information in connection may be had by seeing her or phoning 295.

Juniors' Annual Play Will Be Presented Friday, March 6

The Junior Class of Hamlin High School will present the annual Junior play on Friday evening, March 9, at 8:00 P. M. in the High School Auditorium.

The title of the play is "My Heart's in High" and is a story of a beautiful little seventeen-year-old miss who decides to "devote her life to beauty" by way of becoming an architect.

The play was written by Anne Coulter Martens, who is capable of developing a most interesting plot. It is typical of our young people of today, and is human nature humor and imagination combined.

The cast of characters includes Dorie Lawrence, an adorable young miss, played by Anna Margaret McBride; Elva Lawrence, her "moody" mother, Jessie Myers; Leonidas Lawrence, her meek father, Doyle Alexander; Perky Lawrence, her little sister, Diane Carlton; Aunt Amity, a spry old aunt, Dora Joyce Culbertson; Bart, her old standby, Jerry Waggoner; Kistie, her best friend, Elaine Jones; Dot, a flippant classmate, Peggy Polk; Dash, a lively boy friend, James Sedberry; Freddie, a hopeful boy friend, Ben Wesley Niedeken; Mr. Leonard Sherman, an architect, Milton Johnson.

Highway Patrolman T. T. Brady and family were here Wednesday to visit their mother, Mrs. T. T. Brady and other relatives. Mr. Brady has been transferred from Palestine to Sweetwater.

IT DOES NOT MAKE SENSE

MONDAY NOON: Right now we are listening to a vivid report of how our brave American boys are dying to take a vital spot in the Pacific; how our forces are plowing through snow and mud to beat the Germans down on the Rhine, enduring all the horrors of "hurt and death;" and on top of all this comes the reports of strikes, demands, sit-downs, and tie-ups by fellows who have never heard the sound of a shell or shot...all this makes most of us feel like wanting the army to turn loose their machine guns on every bunch that strikes or refuses to work and produce the things our Army and Navy need to win a war that MUST be won...there are a lot of things Real Americans DO NOT LIKE...O yes, right now, they report that the Senate is wrangling over the "Man-Power Bill," just monkey-fuddling, similar to the striking shirkers and chizlers in war industries...one is as bad as the other...the "Man-Power Bill" looks like just another fizzle...all this dying, striking and fuddling does not make sense...some say, maybe it is a good

thing we have some set of officers who takes things slowly, tends to keep the kettle from boiling over... maybe Congress looks at things more from every side...but to most folks back home some items are hard to understand. People were pepped up when they began to talk about putting teeth in some kind of proposed law to make those who do not work at something needed in the war, to go to work or go to jail or go to war...the idea has faded out by now, just petered out, except in the House of the Congress...there are a lot of things the mass of Americans like exceedingly well, and then there are quite a few that do not make good sense...talking about strikes, idling on jobs, etc., a returned soldier remarked, "This is the only country in the world where they can do that NOW and get away with it."...Perhaps this is why he is fighting for us. It is democratic to do as we please, even to let the other fellow die while we fiddle along in a care-free attitude...that does not make sense.

Two soldier boys from Hamlin met last Sunday for the first time in 10 months, Pvt. Ralph Tinnin and A/T Jimmy Scarborough. They enlisted in the Army Air Corps together and were together at Ft. Bliss, Texas, and Kiesler Field, Miss. They separated at Kiesler Field last April and hadn't seen each other until they met

in Hamlin last Sunday. Ralph is stationed at Sheppard Field as a radio technician, and Jimmy is at Frederick, Okla., as an aviation trainee.

J. D. Barnes, GM 3/c, of Anson, came over to visit his grandfather, J. D. Barnes, Sr., while at home from the Pacific.

FROM THE PHILIPPINES

"February 10, 1945

"Just a few lines to tell everyone in dear old Hamlin, hello.

"I received a copy of the Herald today. It was dated Aug. 25, but that is the way I have been getting them for a long time. 4th class mail just naturally travels slower. I wanted to tell you I am in the Philippines; have been here a month now. I came in on D-Day. There was lots of excitement, as you may imagine.

"The Filipinos were very glad to see us. They came out to the beach to meet us just after we landed (you have heard a lot about this in the papers). The Filipinos supply us with fresh eggs, chickens, bananas and other things. The women do our laundry for us. It is really nice to have someone do your laundry after doing it yourself for over a year, believe me. They speak pretty good English—most of them. There were several towns around but they were torn up pretty bad by the bombardment. There are some nice buildings left and look pretty good. Some are American in design. The people have begun to open stores again—a few restaurants, watch repair shops, one show and lots of candy stores... Well, so long, Cpl. Merrill Herring."

S-Sgt. John C. Jenkins Receives Air Medal

AN EIGHTH AIR FORCE BOMBER STATION, ENGLAND.—Staff Sergeant John C. Jenkins, of Hamlin, Texas, has recently been awarded the Air Medal for meritorious achievement in aerial combat.

Sgt. Jenkins, engineer on the B-17 Flying Fortress "She's a Honey," has participated in eight daylight bombing assaults against the Nazi war machine in Europe.

On a bombing attack over Magdeburg, Germany, he witnesses a huge air battle between the Luftwaffe and the friendly fighter escort. Though the enemy suffered heavily, Sgt. Jenkins saw six Flying Fortresses in the formation ahead of him go down.

He has also bombed Cologne, Germany, located in the heart of the great Ruhr industrial center and among the most heavily defended cities of the Reich.

Prior to his entrance in the AAF on January 15, 1943, Sgt. Jenkins was employed by the Acme Lumber Company as assistant manager. Since his arrival in the European Theater of Operations on December 15, 1944, he has been serving with the veteran 305th Bombardment Group.

He is the 27-year-old son of Mr. and Mrs. O. L. Jenkins, of Hamlin. His wife, the former Miss Juanita Harbert, also lives in Hamlin, Texas. —(SHAFF Field Press Censor.)

FIRST SGT. WM. H. ABBOTT WRITES FROM GERMANY

"February 13, 1945

"Dear Mr. Pope: Yesterday I received a copy of the Herald, dated back in November. I enjoyed reading it ever so much. Never realized there were so many men from Hamlin in uniform, but as long as I've been in the army, I have yet to meet anyone I knew in civilian life. I have come pretty close but never made contact. Mr. Pope, the last time I wrote you, some time back, was in North Africa. Then I was shipped to England. Arrived in France in June, from there to Luxembourg, to Belgium and now Germany, and at this writing, I'm in a Jerry Dugout. We have had them only a few days. It is nice and warm here...I've rigged up a can and some pipe and have a stove. It isn't so bad at all. I guess we will be moving out soon. I hate to leave because this is the first nest we have had in over a month.

"I enjoy the Herald, even if it is three months old. Best regards to you and the work you are doing. Keep sending the papers, and I am sure the men in the service will enjoy reading them...W. H. (Bill) Abbott."

A 7TH AAF HEAVY BOMBER BASE IN THE MARIANAS—(Delayed)—As a member of the famed 11th Heavy Bombardment Group of the 7th AAF, Private First Class Langford McCracken, Hamlin, Texas, has been commended by Major General Robert W. Douglass, Jr., commanding the 7th AAF, for his part "in the campaigns which have taken a large section of the Pacific from the enemy's hands."

General Douglass issued his commendation along with a personal message of congratulations as the group rounded out its fifth year, one of the oldest, most traveled heavy bomber outfits in the Pacific.

Pfc. McCracken, whose father, G. L. McCracken, and his wife live in Hamlin, was employed by the Texas Cement Plaster Company prior to entering the Army Nov. 1, 1942. He joined the 7th AAF in July, 1944, and is now a supply clerk for an 11th Group squadron.—(Passed by U. S. Army Press Censor.)

The many friends of Pfc. Everett Ellison were glad to greet him in Hamlin last week. Everett has recently received his discharge from the Marines. He was in the Fourth Marine Division until last October, when he was sent to the States for treatment for his hearing. He first took treatment in a California hospital and the past three months in the Naval hospital in Philadelphia.

Everett has a total of 16 months service in the Marines. He wears two service bars, one the Presidential Citation to the Fourth Division, and the other the Pacific Area ribbon with one battle star (Saipan). Everett says, "Gosh, I hate to leave my buddies away out there on Iwo Jima. I know how tough it must be." You see, this "kid" knows what it means to land in the face of the Japs. He helped do it on Saipan.

He is one of a large family, formerly farmers near Hamlin. His mother, Mrs. J. W. Ellison, now lives in California, and she arrived in Hamlin last Saturday to accompany her son back to Compton, Calif., after visiting a few days. There are still three other Ellison's in service: Sgt. Earl, in a California camp; Cpl. Boyd, with the 90th Division in Germany; and Pfc. Jack, stationed at Spokane, Wash. (Jack is at home now on a furlough.)

Tech. Sgt. Jon Max Taylor surprised his many Hamlin friends the past week end by "dropping in" from China. However, before reaching Hamlin, he had visited with his sister and his father, F. C. Taylor, in Houston. He arrived in the States on Feb. 4. Sgt. Taylor will report to Santa Monica, Calif., next.

Max has served in North Africa, and went across through Egypt to India and China. He is a technician in the Air Force. This boy, to all of us, is just a "kid" but in reality, after these four years of soldiering and traveling, he is a big, well developed man, sporting a slight ring of "upper-lip decoration," and his poise and general characteristics would lead one to think he is a sample "Don Ameche." Max was with the 14th Air Force, 81st Fighter Group. (The Herald will put in this "plug" for this young fellow, whom we all remember as the ever-happy, determined little boy, by saying Max wants (?) the Herald to tell 'em, "I'm still a bachelor.") One more thing: Max says the way the people here have greeted him and honored him, makes him feel so "little" (meaning, we are sure, humble). It is hard to get away from remembering a boy as a mere kid at home.

Mrs. Ralph H. Worley Honored With Gift Tea

MRS. RALPH H. WORLEY

Honoring Mrs. Ralph H. Worley, whose marriage took place February 5 in Chicago, Illinois, Mmes. W. H. Gilbert, W. C. Russell, John O. Lewis, E. M. Wilson, and Miss Edwina Gilbert entertained in the Gilbert home Tuesday evening with a miscellaneous gift tea.

For the occasion, the entertaining rooms were attractively decorated

with spring flowers emphasizing a color theme of white and pink.

Mrs. Gilbert welcomed guests and directed them to the receiving line which included Miss Edwina Gilbert, the honoree, Mrs. Ralph H. Worley, her mother, Mrs. B. M. Brundage, and Mrs. W. C. Russell.

Mrs. G. R. Bennett invited guests into the dining room where Mrs. John O. Lewis poured punch. Assisting her in serving were Mrs. John Kent Jones, Mrs. DeFrance Burton, and Misses Marguerite Nobles and Marjorie Riddle.

The tea table, covered with a white Venetian cut-work cloth and appointed with crystal, held two arrangements of white stock and pink snap dragons. The buffet was centered with pink carnations and white stock and lighted by crystal hurricane lamps.

Mrs. L. C. Bond directed to the rooms where gifts were displayed, and Mrs. Tate May and Mrs. Garland Preston were receiving. Miss Suzanne Toler directed to the guest book where Mrs. G. Cleve Dunn registered names in a bride's book bound in white leather.

Goodbyes were said by Mrs. E. M. Wilson.

Red Cross Relief To Prisoners Of War

More than 70, 734 Americans are prisoners of war and civilian internees in German and Japanese camps, more coming as land battles intensify. Basic needs of these captives are supplemental food and medical supplies, news from home. American Red Cross seeks to furnish these essentials to them.

Germany abides by Treaty Provisions allowing International Red Cross delegates to inspect camps, permitting mail to and from POWs, arranging for receipt of neutral shipments of relief supplies. Japan, not a treaty signatory, not so cooperative, has not permitted delegates to inspect all camps, has allowed only three shipments of supplies for distribution to Americans in prison camps. The situation is improving some.

The International Red Cross Committee, Geneva, is the central POW clearing house, inspects camps as provided by Treaty, receives notice of POW status from all warring powers and forwards it to authorities of the home nation, receives American Red Cross relief supplies and distributes to various prison camps, acts as agent for emergency cable messages regarding prisoners. The War Prisoners' Aid Committee, YMCA, are responsible for recreational, educational, spiritual needs of prisoners, supply books, musical instruments, religious articles, sports and handicraft equipment, other similar items.

American Red Cross supplies are never in enemy hands. Food, medical equipment, and other articles are shipped on Red Cross vessels under care of International Red Cross delegates, re-shipped in sealed cars, trucks and ships for delivery by delegates to prison camp leaders, elected representatives by fellow POWs or senior officers in commissioned of-

ficers' camps. The Camp Leader signs receipt card for entire shipment, is responsible for regular distribution to individual prisoners. Each package contains individual receipt card for POW to sign and return to Geneva.

Most items and supplies are delivered on regular basis in Europe. The Japanese situation is different but seems to be improving and subject to change. Definite receipt of three Far Eastern shipments is known and negotiations to place shipments on regular basis, similar to European, are under way now.

RUSSIA TO RAISE MORE OF OWN FOOD THIS YEAR

Russia will produce still more of her own vitally needed food this year as a result of 20,000 tons of seeds that have been furnished by the United States for Soviet spring plantings, according to War Food Administration. The tonnage is the first half of a delivery agreed upon for this year. The seeds will be used in the Ukraine, for the most part, the richest Soviet Agricultural District, which, earlier in the war, was overrun to the extent of 150,000,000 acres by the Nazis. During the German retreat in 1943 and 1944, the Nazis carried out an effective policy of destruction of nearly 60,000,000 acres. This seed help from the United States is made possible, incidentally, through the growth in this country of a practically new industry in America. In pre-war days, this country was primarily a seed importer from European nations and never produced more than a fraction of the seed required to sow American crops. The war has radically changed this. Shipment of seeds to Russia means great savings in shipping space in contrast with the vessels required to move the finished food products that will be represented by the Soviet plants from these seeds.

Mrs. Fancher Hostess To McCaulley Club

Milk, the body-building and protective food, particularly rich in necessary minerals, should be absolutely clean and used frequently in the diet, Mrs. Geraldine McCullough, Fisher County Home Demonstration Agent told the women of the McCaulley Club when they met Wednesday, February 21, in the home of Mrs. Della Fancher.

Directions for making and serving cottage cheese and a demonstration on making boiled and baked custard was given by Mrs. McCullough. Also she gave tips on meal planning with the use of milk.

Reports were made by council representative, Mrs. Omar Prather, and Red Cross Chairman, Mrs. Luther Maberry. A number of the members sewed their coin filled patches on to the club apron. The member placing the largest contribution will receive the apron after it has served its fund raising purpose.

Mrs. Omar Prather, co-hostess, as-

sisted Mrs. Della Fancher in serving refreshments to Mmes. Geraldine McCullough, J. A. Miller, O. R. Lee, Ted Abbott, Royco Perryman, Luther Maberry, Jimmy Fancher, Viola Hendon, Rufus Herbst, Chas. McHone, Louis Boyd, John Reynolds, and a club guest, Mrs. Wanda Smith.

The next club meeting will be on March 21, in the home of Mrs. Rufus Herbst of south McCaulley.—Reporter.

ODT URGES NO SPRING SCHOOL RECESS THIS YEAR

As another step in transportation conservation, Col. J. Monroe Johnson, Director of the Office of Defense Transportation, urges that schools and colleges cancel their spring vacations this year. Col. Johnson pointed out that this year's spring vacations will come during the existing extremely critical period in wartime transportation, when every effort must be made to avoid non-essential travel. The omission of these vacations will be especially desirable as it effects students who must travel to reach their homes, for it "will save for each student a trip home and return," he wrote in a letter to John W. Studebaker, United States Commissioner of Education. As many as 300,000 students would normally be taking such vacation trips, Mr. Studebaker said in endorsing Col. Johnson's recommendation.

'Think on these things'

MAN AND SIN

God so loved the world that He gave His son to save men from sin. Christ came into the world to save men from sin. To this end He lived and to this end He died. The Holy Spirit was sent from heaven to unfold the gospel plan of salvation to men, which is God's power to save them from sin.

With all the three persons of the God-head have done for man, that he might be saved, nothing is availed unless man can be brought to consciousness of sin, led to repentance of sin, and is baptized for remission of sins. There is the human part in redemption as well as the divine.

One tragedy of our ages is the general disregard for sin; man has lost his consciousness of guilt and separation from God by this terrible monster. sin no longer pricks the consciousness of man, causing the heart to pant after God as the hart for the cooling springs of the mountain. Man has forgotten that sin brought death into the world (Rom. 5:12); that sin separates man from God, the source of life (Isaiah 59:1-2); that sin enslaves man in bondage far worse than that of the Israelites in Egypt, or of the Europeans under Hitler (John 8:31-36); that sin provokes the wrath of God against disobedience (Rom. 2:3-9) (Eph. 5:6); and that finally, that sin damns the soul to an eternal separation from God, for which man himself is responsible, and from which he cannot be retrieved beyond death (Ezek. 18:20; Rom. 6:23).

One may ask, "Why has this generation lost its consciousness of sin and its blighting effects?" Several answers may be involved. It takes time for reflection and consideration if one is to become conscious of his real condition. Our fast-living machine-age, with so many things to do and to be done, does not afford time for such meditation, reading of the scriptures, and self-examination. Modern preaching, which has tended toward what it calls the "Social Gospel," has left sin and the blood of Christ out, thereby robbing its message of convicting and saving power. Materialism, which denies the immortality of the soul, has contributed to the numbing of the conscience to the destructive power of sin. Evolution as taught in our schools, and the fickle foolishness of the press have added to this condition.

Does the situation look hopeless? Emphatically, No! The Lord declared the Spirit should "convict of sin" (John 16:7-11), which it began doing on Pentecost, and continued to do throughout apostolic times, by preaching of the gospel message. Human nature is the same today as then; the gospel has the same power as then; it is simply a matter of persuading men to listen and reason for sufficient time to give the gospel a chance to do its work. Not only is human nature the same, but the gospel is the same, it has the same power today that it had then. The terms of pardon as announced by the Spirit filled Apostles are today the same simple, understandable, reasonable terms that they were then. To men convicted of sin by the preaching of the Apostles, and who had asked this question, "Brethren, what shall we do?" the answer came simple and clear from the mouth of Peter, "Repent ye, and be baptized every one of you in the name of Jesus Christ for the remission of your sins and ye shall receive the gift of the Holy Spirit." (Acts 2:37-38)

The task just now is that of making men conscious that rebellion against God, transgressing of His laws, failure to do His will, is SIN. Once man has anything like a conception of the magnitude, heinousness and terribleness of sin it will then be relatively easy to persuade him to accept the remedy that God in His mercy has made possible through the Lord Jesus Christ and His Gospel.

POT-SHOTS FROM MCCAULLEY

BY GEO DARDEN

Doyle Berry, of the U. S. Army, and wife are here for a few days' visit with his parents, Mr. and Mrs. W. D. Berry.

Visiting last week in the home of Mr. and Mrs. J. W. Maberry were Mr. and Mrs. Luther Parker from Los Angeles, Calif. Mr. Parker is a brother of Mrs. Maberry.

A. S. Smith, of Sweetwater, and formerly of this community, was called to East Texas last week for the funeral of a brother who was burned to death in Dallas.

All kinds of weather in McCaulley last week: snow, sleet, rain, wind and what have you.

Lest you forget: There will be a pie auction sale at the McCaulley school on the night of March 6th. All proceeds will go to the Red Cross. The ladies are asked to bring pies, and the men plenty of dough. Our quota is something over \$400.00, and that's no hill for a stepper.

Jimmy Williams, of the United States Navy, wife and young son are visiting his parents, Mr. and Mrs. G. E. Williams. Before the war, their home was in Dallas.

Misses Fannie and Annie Gallaway, who for the past two years have been employed in defense plants in Fort Worth, are visiting for a few weeks in the home of Mr. and Mrs. Oliver Lee.

Miss Velma Lou Boyd was home for the week end and had as her guest, Miss Mara Beth Trery of Coleman. They are roommates at A.C.C., Abilene.

Miss Adele Dixon, student at McMurry College, Abilene, visited her parents, Rev. and Mrs. Silas Dixon, over the week end.

Miss Mary Ann McCollum, student at McMurry College, was home over the week end with parents, Mr. and Mrs. Levi McCollum.

Too much rain, sleet and ice to get out much for local news this week. Unless we get local items through the mail in this kind of weather, well there won't be much local gossip. "See you when the roses bloom again."

The boys who have been in the thick of this thing called war are to some extent "beefing" about the pampering of German and Jap prisoners in this country, and we say they have a perfect right to "beef." Geneva rules or no rules, they have seen with their own eyes the inhuman treatment dished out to prisoners of war by our enemy. Soft hearted Americans too soon forget, and some writers even now are going soft as to our attitude in the future toward the Jap and German races who have brought about destruction upon destruction. A rattlesnake does not easily become a pet and there remains that poison which at any time may mean death.

If there was a Jap on the Mayflower, we have no record of it, and why should we harbor a yellow race in this country when they are by no means kin to the white race. The best possible way to keep peace among all races is to have said races in a country of their own.

So long as our West Coast is full of Japs who are naturally in sympathy with their fatherland, we, the white race may never expect a lasting peace.

Congress, as a whole, needs Guts! Some members of the House and the Senate are looking out more for their own hides than the welfare of the people at home. We had "bundles for Congress" in the form of a bill passed to pension retired Congressmen a few years back. Now there is talk on Capitol Hill of raising their salaries. If the boys can't attend all the cocktail parties on \$10,000 per year, then they had better come home and help send men to Congress who are interested only in the progress of the United States and its citizens. —A-DARDEN-O-GRAM.
